Re: Rules to implement public library standards

Date: October 1, 1999

As required by MAPA, MSL held a hearing on Friday, September 10 to hear comments about the proposed rules. The deadline for written comment was Friday, September 17.

I consolidated the written and verbal comments and have prepared the enclosed responses and alterations in the draft administrative rules for the Commission to discuss at their October 13 meeting in Billings. This draft is not in MAPA format, we will format this correctly after your legal review.

Would you review the comments, responses, and alterations and give the results of your review to Darlene Staffeldt (5381)? I will be out of the office next week.

Darlene and Amanda Broadwater will prepare the final recommendation for the Commission based on your review.

Thanks much.
