

Montana State Library Commission Work Plan Fiscal Year 2018

Green (no font distinction) – activity progressing as expected.

Yellow (*italicized*) – activity may be delayed but the delays do not necessarily rise to the level of Commission concern

Red (**bolded**) – activity is delayed and Commission attention is warranted

Blue (underlined) – addition or change to the original work plan.

Strategic Framework – Secure Sufficient and Sustainable Funding

Activities:

- The State Library adopts a planning and reporting system for State Library Administration

Inputs	Outputs	Outcomes	Impacts
<i>Time of the reporting task force and additional staff as necessary</i>	<i>A reporting system that serves as a dashboard for project administration, resource allocation and administration, and reporting</i>	<i>Management and staff report having ready access to tools to more effectively administer the programs and projects of the State Library</i>	<i>The programs of the State Library achieve the impacts articulated in the Strategic Framework.</i>
<i>Data maps and data</i> <ul style="list-style-type: none"> • <i>Staff have completed an initial inventory of reports and a matrix of data reported in each</i> 		<i>The Commission reports that they can readily determine how the resources they allocate are utilized and whether or not the State Library is meeting our goals.</i>	
<i>Reporting system (TBD)</i>		<i>Management and the Commission have information that helps them prioritize new and/or declining</i>	

		<i>resources to successfully address opportunities and challenges.</i>	
		<i>Management, staff, and the Commission utilize information from the reports to make decisions about resource, projects, and programs.</i>	

Since the October Commission meeting, members of the staff and Commission met to review current indicators and to discuss the idea of creating “success indicators” that may serve as a collection of data that, together, demonstrate the extent to which we are achieving agency goals. Current documentation resides in Google Sheets:

Staff and Commissioner Wall also plan to test drive Esri Insights with some sample datasets when it becomes available in December.

- The State Library Commission enters into contract with a Foundation Consultant to take steps to create a turnkey non-profit that will meet the goals of the Commission.

Inputs	Outputs	Outcomes	Impacts
Funding from the State Library Trust to contract with a Foundation Consultant.	Deliverables of a contract as negotiated through a request for proposal used to select a consultant.	The Commission, staff, and partners develop a nonprofit to strategically seek and align financial resources to meet State Library goals.	The programs of the State Library achieve the impacts articulated in the Strategic Framework.

Time of a nonprofit steering committee and additional staff as necessary	Communication to stakeholders about funding efforts.	The Commission identifies new partners and opportunities that grow into funding opportunities.	
Data regarding the costs of programs and services.		The State Library has sufficient and sustainable funding to achieve its goals.	
Data regarding alternative sources of funding or funding opportunities.		State Library partners identify and/or benefit from new funding possibilities.	
		State Library partners have sufficient and sustainable funding to achieve their goals and to make use of the resources the State Library provides.	

Despite work concerns, the work of the funding task force remains largely on track. With funding from the State Library Trust, staff and the Commission worked under contract with Ned Cooney to develop a request for proposal that will be used to select a consultant. Issuing the RFP was delayed pending the outcome of a Special Legislative Session to address state budget shortfalls but the RFP is now in the hands of the State Procurement Office. An RFP team will be organized to help select a consultant from respondents.

- The State Library Commission evaluates funding models that support secure and sustainable funding and that align with library values.
