

Montana Land Information Advisory Council

Serve with us!

The Montana Land Information Advisory Council (MLIAC) is a Governor's appointed council that advises the State Library on...

- issues relating to the geographic information system (GIS) and land information
- the priority of land information, including data layers to be developed
- the development of the Montana Land Plan
- the development of the Montana Land Information Act grant process
- the distribution of funds collected in the Montana Land Information Account

Current Open Positions: Local Government & Indian Tribal Interests

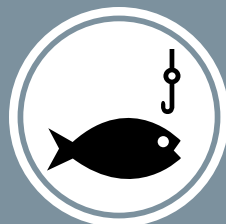

Term Length is 2 years: July 1, 2017 - June 30, 2019
