*Library State Aid funding increased in 2013 from 10 cents to 40 cents per capita. In 2017, this lifeline for libraries will end without legislative support.*

We purchased nine new computer monitors with the additional funding from the Legislature. The previous monitors were a decade old, with only 14-inch screens that were difficult to read and broke frequently. The new 22-inch screens make it easier for our older residents to use, and the youth love them. We've gone from adequate to excellent computer service!
