*Library State Aid funding increased in 2013 from 10 cents to 40 cents per capita. In 2017, this lifeline for libraries will end without legislative support.*

The increase in State Aid allowed us to provide access for our patrons to electronic databases. We have individuals who use automotive databases to do their own vehicle repairs, and the small motor repair database is popular here on Flathead Lake. Our Ancestry.com and HeritageQuest Online subscriptions are aiding patrons in their genealogy research – we love hearing their stories as they discover their family history.
