MONTANA PUBLIC LIBRARY
STATE AID STORIES
.....

Library State Aid funding increased in 2013 from 10 cents to 40 cents per capita. In 2017, this lifeline for libraries will end without legislative support.

Our summer Super Hero Science Club, which we enhanced using the additional funding from the Legislature, was filled to capacity each week with youth ages 8 to 18. We expanded our experiments, wearing old donated scrubs for lab coats that each “scientist” decorated. We explored super heroes' science-related powers: flight, super-strength, color-changing, explosions, DNA alterations and more.

Our science club created such enthusiastic patrons of all ages - including the elusive teenagers - that we want to build on this program next year.
