

Montana Spatial Data Infrastructure: Administrative Boundary Data Updates

The Montana Administrative Boundaries Framework data layers have been updated. The recent changes include:

- Incorporated Cities and Towns:
 - Created a new field, **BAS_ID**, and a new related table, **Annexations**. The **Annexations** table has the US Census Bureau's Boundary and Annexation Survey (BAS) Program's recorded annexations and legal boundary changes.
 - Updated the boundary of Circle (McCone County).
- Tax Increment Financing Districts (TIFDs):
 - Added a new field for the base year, **BASE_YEAR**. Data for this field is collected from the Department of Revenue.
 - Added the following districts: Lockwood TEDD Expansion (Yellowstone), Helena URD (Lewis and Clark), Columbia Rising TEDD (Flathead), North Hamilton URD (Ravalli), Downtown Roundup URD (Musselshell), Miles City Downtown URD (Custer), Glacier Rail Park (Flathead), South Bozeman (Gallatin), and Kootenai Business Park (Lincoln).
 - Updated the Uptown Butte URD (Butte-Silver Bow) boundary.
 - Updated the **ESTABLISHED_YEAR** and **EXPIRATION_YEAR** fields.
