

Safari Books: Searching outside of Montana State Library's Custom Collection

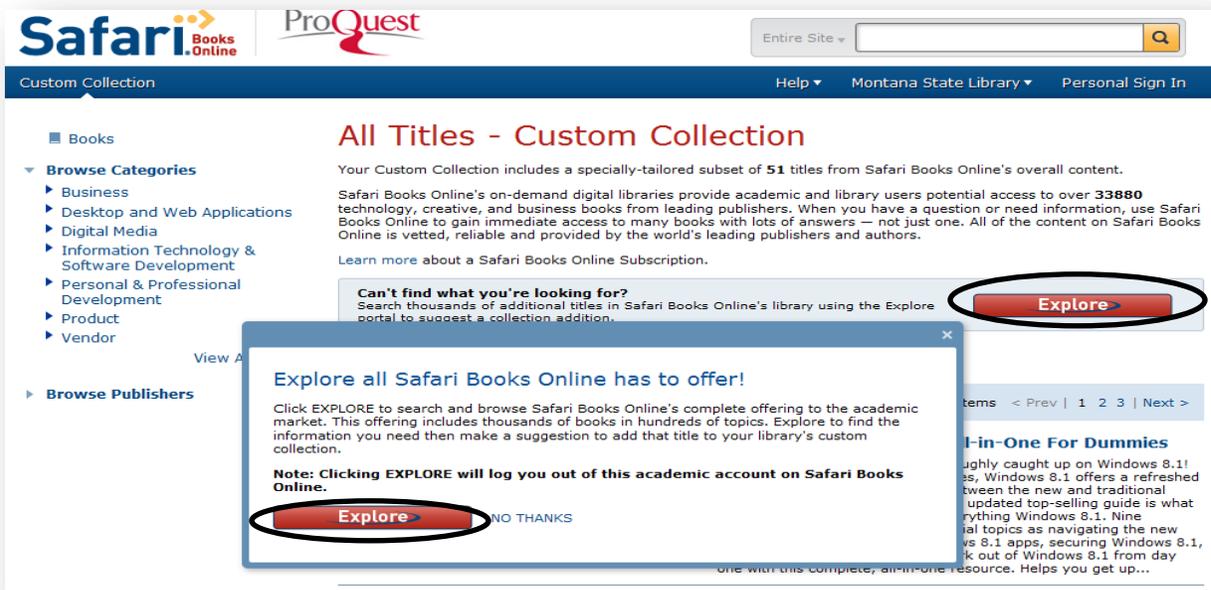

Go to: <http://research.msl.mt.gov/>, then click Resources at the top

A. Searching for books outside the Montana State Library Collection

1. Click **View All Titles**

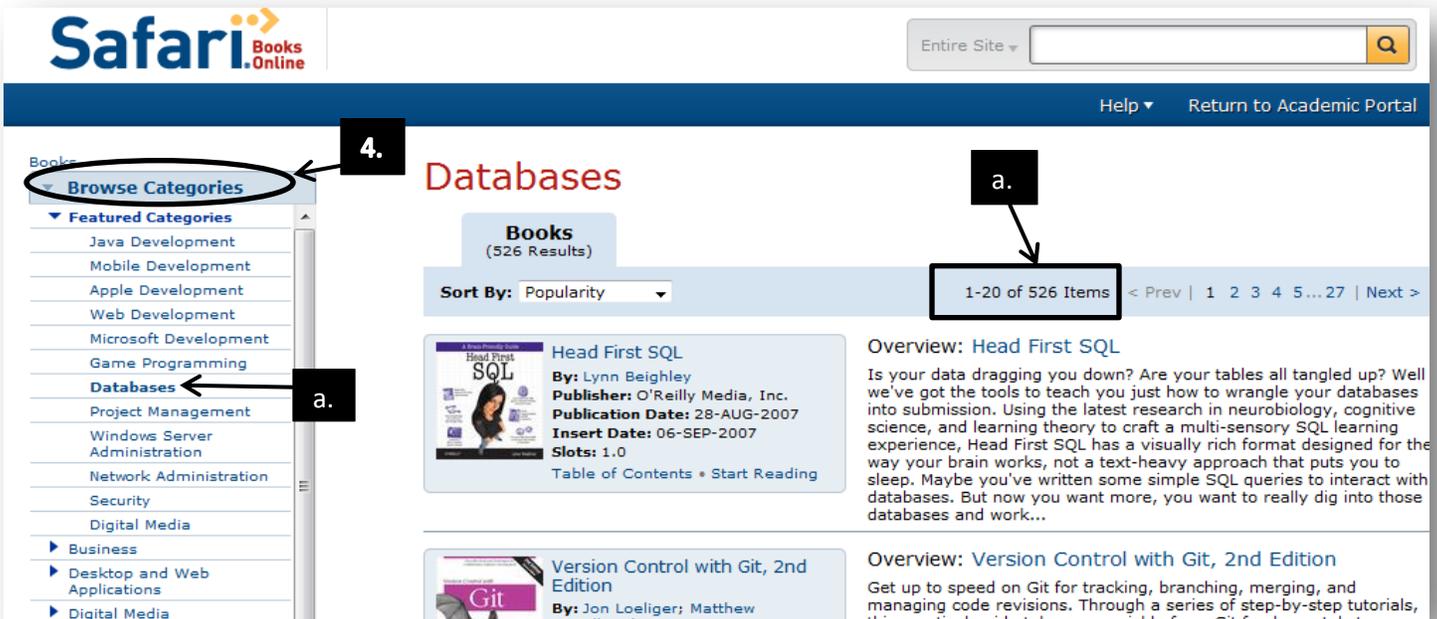

2. Click **Explore** - There is one more explore button to click after these two clicks.

3. To return to the Montana State Library’s Custom Collection, click **Return to Academic Portal**.
 - a. This takes you to: **Welcome to Safari Books Online** screen. Click *Start Using Safari* button under *Academic Licenses & Public Library Users*.

4. Searching under Browse Categories limits results to a specific topic, but the results are numerous as in the example on the next page.
 - a. Under databases subcategory, there are 527 items.

B. Search Box

1. Key word(s) searching
 - a. Drop down menu provides options for all results, book titles, and suggested terms.

- i. Note: When choosing only the key words **Data Mining**, the results will highlight in bold both of the search terms.

The screenshot shows the Safari Books Online search interface. The search bar contains "Data Mining" and the search results are for "Data Mining". A dropdown menu is open, showing "All Results for: Data Mining" and "Book & Video Titles". The dropdown menu lists several search suggestions, including "Data Mining For Business Intelligence: Concepts, Techniques, and Applications in Microsoft Office Excel® with XLMiner®, Second Edition", "Data Mining: Concepts and Techniques, 3rd Edition", "Data Mining: Practical Machine Learning Tools and Techniques, 3rd Edition", "Data Mining Techniques: For Marketing, Sales, and Customer Relationship Management, Third Edition", and "RapidMiner: Data Mining Use Cases and Business Analytics Applications". The dropdown menu also includes "Suggested Terms" and "Advanced Search".

Advanced Search

Results are shown below:

The screenshot shows a library search results page. At the top, there is a search bar with 'Entire Site' and a magnifying glass icon. Below the search bar, there are links for 'Help' and 'Return to Academic Portal'. The main heading is 'Search Results for: Network Warrior'. A banner for 'Explore' includes the instruction: 'In order to send your librarian a title suggestion, click on a book cover image or a section link and then follow the on screen instructions.' Below this, there is a search filter section with '[Add Term(s) to Narrow Your Search]', a dropdown menu set to 'All Results', and a 'SEARCH WITHIN RESULTS' button. The 'Books' section shows '(797 Results)'. There are checkboxes for 'Books' (checked), 'Short Cuts' (checked), and 'Include Previous Editions' (unchecked). A 'Sort By' dropdown is set to 'Relevancy'. The page indicates '1-20 of 797 Items' with navigation links for 'Prev', '1', '2', '3', '4', '5...40', and 'Next >'. Two book results are displayed: 'Network Warrior, 2nd Edition' by Gary A. Donahue, published by O'Reilly Media, Inc. on 26-MAY-2011, and 'Arista Warrior' by Gary A. Donahue, published by O'Reilly Media, Inc. on 18-OCT-2012. Each result includes a book cover image, a title, author, publisher, publication date, insert date, and slots. There are also links for 'Table of Contents' and 'Start Reading'. An overview for each book is provided, and a 'More Results From This Book' link is present for the first result.

- C. Requesting a title through Safari Books (if not in the Montana State Library's custom collection).
 - a. After clicking on a title of interest - click on **Suggest This Title**. See next page.
