What is the
National Institute
on Aging?

The National Institute on Aging (NIA) is the leading research institution on aging in America, and the main supporter of Alzheimer's research. They provide consumer health information, as well as information on current aging research.

NIA is GREAT for...

- ▶ Up-to-date Alzheimer's research information
- ▶ Specific diseases related to aging (dementia, arthritis, etc)
- ▶ Topics related to aging (caregiving, exercise, lifestyle, etc)

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.

Isn't that nice? :)

Examples:

Now you can use any emoji as an icon!

And of course it resizes without losing quality and you can change the color.
