

EBSCO Discovery Service (EDS) A to Z List of E-Resources

1. Access EBSCO Discovery Service (EDS) at: msl.mt.gov or <http://research.msl.mt.gov/> and query the Discover It! search box.
 - Click the *search* button below the box to gain access into the EDS results page.

2. Locate the A-to-Z List of E-Resources at the top right horizontal menu bar and click on the link.

3. Search for a journal title in the search box using a term such as **hydrology** or a known journal title. **Hydrology and Earth system sciences** in the example below, is a known journal title.
- Each journal title provides information about access coverage to the resource.

The screenshot shows the Montana State Library website's 'A-to-Z List of E-Resources' search interface. The search term 'hydrology' is entered in the search box, and the results are filtered to show titles containing 'hydrology'. The results list several journals with their respective access dates and subjects. Annotations with yellow arrows point to specific parts of the results:

- An arrow points to the search box containing 'hydrology'.
- An arrow points to the journal title 'Hydrology and Earth system sciences'.
- An arrow points to the 'Energy & Power Source' database entry for 'Hydrology and Earth system sciences discussions', with a callout box stating 'Shows subscription access (2005 to present)'.
- An arrow points to the 'Energy & Power Source' database entry for 'Russian Meteorology and Hydrology', with a callout box stating 'Embargo: 1 year = no access for a year to full text articles.'.

Titles where title name contains 'hydrology': 5
