Step-by-Step Instructions

Download and Transfer of OverDrive Titles to Devices!

If this is the first time you are using your Nook on this PC...

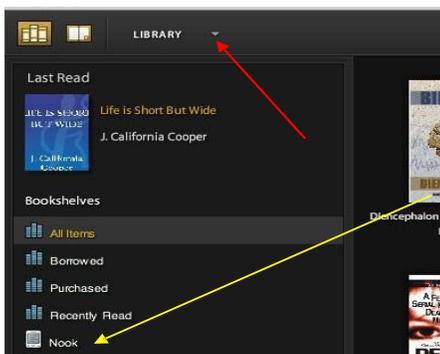

1. Create an Adobe ID at: <https://www.adobe.com/cfusion/membership/index.cfm>
2. Download and Install Adobe Digital Editions Software from:
<http://www.adobe.com/products/digitaleditions/> or
www.montanalibrary2go.org

After the one-time steps above...

Website: www.montanalibrary2go.org

- Click on Login.
- Select your library from the drop down list.
- Enter your Library Account Number.
- Search for titles or browse through titles. Use the navigational menus on the left to help you browse. Narrow your search using Advanced Search.
- When you have chosen a title, select the EPUB version, Click on “Add to Cart.”
- You are presented with the option to Continue Browsing or Proceed to Checkout.
- When finished selecting titles click Proceed to Checkout.
- Select lending period: 14 Days (default) or 7 Days. Click Confirm Checkout.
- Click Download.
- If you get a pop-up bar with options to open, save, or cancel - click open.
- The item now automatically appears in the OverDrive Media Console for downloading.
- Download the title by clicking on the Download button in the Media Console.
- Connect your Nook to your PC and turn it on.
- It should appear in your Adobe Digital Editions (ADE) library page as shown below:

- Now, click on the book you want to transfer to your Nook, hold, and drag it to the Nook icon (see yellow arrow in graphic).
- When finished, eject your device from the computer.

Handy Hint - You should be prompted to Authorize your Nook by the ADE software. If you are not prompted, click on Library (see red arrow) and choose Authorize Computer.

Nook Colors also have to be “unlocked” to be recognized by ADE. Both the Nook device and the PC need to be authorized (it is strongly recommended that Nook users do their OverDrive downloads on their home or a personal PC because of this).

- To return items early: In Adobe Digital Editions, Library View, all personal purchased titles as well as library checkouts are displayed. Click on the arrow in the upper left-hand corner of the book you wish to return, and select “Return Borrowed Item” from the drop-down menu.
