

# Keep Bears Wild

- Keep human-created food sources away from bears
- Garbage, pet food, bird seed, stock feed, fruit trees and other edible items attract bears
- Store attractants inside a building, in an IGBC certified bear-resistant container, behind an electric fence or by hanging items at least 10' from the ground and 4' from vertical supports

# In Bear Country:

- **Be Alert**
- **Make Noise**
- **Carry Bear Spray and Know How to Use It**
- **Travel in Groups**
- **Never Run from a Bear**
