READ together!
Help your child get READ together

Reading together or shared reading is the single most important way to help children get Ready 2 Read! Reading together increases vocabulary and general knowledge. It helps children learn how print looks and how books work. Shared reading also helps children develop an interest in reading. Children who enjoy being read to are more likely to want to learn to read themselves.

- Read together every day.
- Use books to help teach new words. Books can teach less common words, words that children may not hear in everyday conversation. As you read, talk about what those words mean.
